#### Declaration Number

FEMA-1604-MS

### Narratives

#### Disaster Damage:

Hurricane Katrina made land fall in Mississippi on August 29, 2005 and turned out to be the worst natural disaster to ever hit the United States. Damage along Mississippi's Gulf Coast was widespread and damage estimates were over \$125 billion dollars. FEMA reported 65,380 homes were damaged or destroyed and estimated 44 million cubic yards of debris in south Mississippi. The Mississippi Development Authority (MDA) has developed plans and programs to address disaster relief, long-term recovery and restoration of infrastructure.

#### Recovery Needs:

Recovery Needs: 1. Assistance to homeowners affected by the storm. 2. Assistance with fraud and abuse in connection with the rebuilding activities. 3. Assistance with code enforcement in the rebuilding process. 4. Assistance to Public Housing Authorities in providing affordable housing to low-income families. 5. Assistance with the rebuilding of public infrastructure such as water and sewer. 6. Ratepayer mitigation in order to protect residential and business customers from bearing the entire cost of the utility infrastructure restoration and rebuilding. 7. Wind Insurance Mitigation in order to maintain affordable insurance rates for the Mississippi Gulf Coast. 8. Programs to support economic development 9. Programs to increase the availability and affordability of small rental properties.

## Overall Progress Narrative:

SUMMARY FOR 4th QUARTER 2020 QPR:

1st allocation

Mississippi continues to make progress in the Katrina disaster recovery efforts in the fourth quarter of 2020.

Through the Homeowner's Assistance Program (HAP) \$2 billion have been disbursed to nearly 28,000 families. The Elevation Grant Program (EGP) has disbursed approximately \$37 million.

Under the Long-Term Workforce Housing (LTWH) initiative, grants and loans were made to for-profits, non-profits and local units of government to increase the availability of affordable housing. These projects have constructed and/or rehabilitated single- and multi-family housing, provided homebuyer assistance to eligible households, and provided loans to small developers. In addition, several projects provided public services and planning activities for LTWH and the Neighborhood Home Program (NHP). A total of 1,201 homeowners have been assisted through the homebuyer assistance (HBA) projects with expenditures totaling over \$78.4 million. In addition, 730 new construction units, 427 rehabilitation and 328 NHP rehab units have been completed.

The Public Housing Program allocated funds to coastal public housing authorities for the construction, repair and rehabilitation of low-income housing units damaged or destroyed by Hurricane Katrina. There are 18 projects in service providing 1,758 units, and all construction was completed. Total Public Housing units from Grant 1 and 2 are 1,833. All project funds have been disbursed as planned, and all activities are complete.

The Infrastructure grant program has completed the final stages of rebuilding the coast's water and wastewater infrastructure systems. The funds are administered by the Mississippi Department of Environmental Quality (MDEQ) as well as the local entities awarded. All projects under this grant are closed. No construction is remaining.

Economic development projects are under way to restore the area's quality of life. As of December 31, 2020, the Economic Development program has awarded a total of 62 sub-grants with approximately \$332 million under contract. Fifty-six (56) projects have completed Katrina CDBG-funded construction. A total of 6,271 jobs are projected to be created, and 6,096 jobs have been created to date. In addition, 81 jobs were created by one (1) terminated project, bringing the total number of jobs created to date to 6,177. A total of 721 jobs were projected to be retained and were verified as retained as of the subgrant closeout dates. Zero (0) project was closed out during the reporting period. Fifty-two (52) completed projects and six (6) terminated projects had been closed out as of the end of the reporting period. One (1) closeout package is currently under review and is expected to be approved in the next quarter.

The Tourism Industry Restoration program awarded 28 sub-grants totaling approximately \$5 million. The sub-grant close-out process is complete, and close-outs have been executed for all 28 projects.

Progress continues the construction of Community Revitalization projects for the quarter ending

December 31, 2020. All projects are located in the six lower counties of Hancock, Harrison, Jackson, George, Stone and Pearl River, with the largest concentration of projects in the three coastal counties most impacted by the storm. Approximately \$315 million has been disbursed with 93 projects completed.

The Go Zone Revitalization Grants program provides funding for eligible CDBG community development activities in the 49 Presidential declared disaster counties, excluding the lower six counties of George, Harrison, Hancock, Jackson, Pearl River and Stone. The Go Zone program disbursed approximately \$56 million. Of the 43 grants awarded, all are complete and closed.

The Port of Gulfport Restoration Project is proceeding. The 305 Project has been closed. Construction of the OEF facility is on schedule. Remaining contracts open are CH2M Hill, who is working with the USACE on permitting issues related to the navigation channel, and Eley Guild Hardy Architects, who are CM to the OEF. Wharton Smith is the contractor for the OEF and construction is progressing as planned. Weather has been an issue as well as impacts from the COVID-19 virus, but the contractor has been able to hold his schedule. The anticipated time for construction of the OEF is 22 months and 24 months for final closeout. The anticipated closing date for this project remains April of 2022. Total job creation to date is 1,432. Total LMI job creation to date is 1,118 (78%).

The Hancock County Long-Term Recovery or "Ground Zero" Program is designed to provide special assistance to this county, which suffered the most dramatic damage from Hurricane Katrina. The program funds locally conceived and prioritized projects designed to rebuild public infrastructure and revitalize the county's economy, particularly recapturing the area's pre-Katrina identity as a destination for regional tourism. As of December 31, 2020, the Hancock County Long-Term Recovery program has disbursed approximately \$159 million. Of the total 46 projects, 41 projects are complete and closed out and 5 projects are complete and awaiting closeout.

Some activities in this QPR reflect drawdown amounts for the quarter that differ from the expense amounts for the quarter. These quarterly variances are due to timing between expenses as of the end of the quarter and drawdowns completed by the end of the quarter. Quarterly reconciliations support that the year-to-date expenses and revenue are correct, and that cumulative drawdowns do not exceed cumulative expenses.

Several activities have negative expenses for the quarter. These negative quarterly amounts are due to reimbursements for overpayments.

Please note that the overall benefit percentage requirement calculations in this QPR do not take into account waivers associated with this grant. Calculations including waivers indicate that this grant is projected at 60.46% to date and actual at 61.79% to date.

**Activity Description:**

The purpose of the Homeowner Grant Assistance Program is to provide a one-time grant payment, up to a maximum of \$150,000, to eligible homeowners who suffered flood damage to their primary residence as of August 29, 2005, from Hurricane Katrina. In exchange for the grant payment, a qualifying homeowner must agree to a covenant on their property that establishes flood insurance and building/rebuilding requirements for the applicant or any future owner of the property. After certain deductions, the homeowner has complete discretion of the use of grant funds, as allowable by State and Federal law, as they work through their personal disaster recovery situation.

**Activity Description:**

It is anticipated that a substantial portion of the residential, commercial and industrial activity in the low-lying areas of Moss Point and Pascagoula will relocate to higher ground along MS 63 and MS 613 north of I-10. To support this northward migration, the Moss Point-Escatawpa Utility District is nearing completion of final design on a new reverse-osmosis water treatment facility as well as design of transmission mains to serve the areas of anticipated growth. The alternative selected for inclusion in this plan consists of supplementing the cost of these improvements, including a water transmission main along MS 63 from Fredrick Street northward to Elder Ferry Road, crossing the Escatawpa River, and from about New Saracennia Road to MS 613. A segment of transmission main along Bellview Avenue from about Weems Street eastward to MS 613 is also included in this selected alternative.

**Activity Description:**

Project consists of a \$3,000,000 loan program for small businesses in Hancock County, Mississippi that were affected by the consequences of Hurricane Katrina. The businesses may use funds for equipment purchases, building reconstruction, or working capital. Some, but not all loan agreements will be tied to job creation.

**Location Description:**

Hancock County

**Activity Progress Narrative:**

Project consists of a \$3 million loan program to benefit small businesses that were located in Hancock County prior to Hurricane Katrina. The program executed loan agreements with forty-four (44) borrowers. As of December 2020, the HCCDF reported that thirty-seven (37) loan agreements had been successfully closed out as the borrowers met the terms and conditions of their loan agreements. Five (5) loans are in default and judgements have been filed. No further action was taken on the defaulted loans during the reporting quarter. No loans remain to be executed for the program. No new jobs were created during the reporting quarter. Cumulative number of jobs created to date remains at thirty-five (35) total jobs, with thirty-four (34) of those low/mod jobs. Cumulative number of jobs that have been retained remains at four (4), with three (3) of those LMI jobs. Because of the requirement for restaurants to close because of the COVID-19 pandemic, Dan B's Restaurant & Trapani's Eatery closed on March 20, 2020. During the reporting quarter, Dan B's and Trapani's

returned to normal operations and are meeting job creation requirements. The MDA-DRD compliance team reviewed all loans that were reported as successfully closed to determine whether all terms and conditions were met, including job creation or retention, and provided a monitoring report to the HCCDF. The HCCDF submitted its draft interim response to the MDA on December 1, 2020. MDA provided comments to the HCCDF and requested additional support documentation on December 22, 2020. The end of the five-year compliance period for the final two loans that were awarded is December 31, 2022. Compliance monitoring will continue through that date.

**Activity Description:**

The project will provide for infrastructure improvements including access road, water, sewer, and drainage to serve the Gulfport Highlands mixed use development.

**Location Description:**

Lorraine road, Ollie Road, John Ross Road in the City of Gulfport in Harrison County, MS.

**Activity Progress Narrative:**

Katrina CDBG funded construction on the project began in January 2012 and was completed in September 2015. The KCDBG funded portion of the project is complete except for job creation. In February 2018, MDA notified the County via a "Notice of Potential Non-Compliance" letter that the project had not met the HUD National Objective of assisting Low to Moderate Income (LMI) persons. In April 2019, the County submitted a letter to the site developer outlining corrective actions that could be taken by the County if the project did not fulfill the terms of the agreement. Since that time, MDA has held periodic status meetings with the County, developer, and project administrator to discuss planned developments on the property including The Claiborne at Gulfport Senior Assisted Living Facility, which is on schedule to complete construction in April 2021, open for business in May 2021, and create 35-45 full-time equivalent (FTE) jobs. The Claiborne has created two (2) new jobs to date, neither of which was a LMI job. Cumulative number of new jobs reported to date is nineteen (19), with five (5) of those LMI jobs. The Developer is also in discussions with the Mississippi Gulf Coast YMCA for the construction of a new 60,000 square foot facility on the project site that will employ up to seventy (70) FTE workers and serve a large percentage of LMI individuals. The YMCA project was recommended for funding to

the Mississippi State Legislature by the BP Gulf Coast Restoration Fund (GCRF) Advisory Committee but did not receive a GCRF award in the first round of funding. The project was resubmitted for consideration during the second round of GCRF funding. Gulfport Highlands remains the preferred site for the Gulfport YMCA. A proposed mixed-use family entertainment concept, Highland Lanes, is on hold until funds are committed to the YMCA project, as revenue for that facility would be partially substained by foot traffic from the YMCA. The Highland Lanes facility is anticipated to create 60-80 new FTE jobs. A national fast casual dining restaurant (potential new jobs to be determined) is working with the Developer to determine site placement and contract terms for the location. The Developer is also in discussions with several small businesses interested in retail space at the project site; those businesses potentially could create 18-30 new FTE jobs. Projected date for job creation completion at The Claiborne is April 30, 2021 but is unknown for other businesses. The subgrant agreement expired on June 30, 2017. An additional subgrant extension will be needed to allow additional time to fulfill job creation requirements, draw down remaining administration funds and complete subgrant closeout.

**Activity Description:**

This project, located in the city of Jackson in Hinds County, will provide loan monies for purchase of equipment (to include furniture, fixtures and related equipment) and working capital to the King Edwards Revitalization Corporation (KERK) to aid in the renovation and revitalization of two buildings in downtown Jackson. Completed and closed out 3Q13.

**Location Description:**

City of Jackson, Hinds County, MS.

**Activity Progress Narrative:**

The project consisted of a Katrina CDBG loan for working capital to support the revitalization of the King Edward Hotel in Jackson, Mississippi. The King Edward Hotel Hilton Garden Inn was opened to the public on December 17, 2009. A cumulative total of 128 jobs was created, with 93 of those low/mod jobs. Job creation requirements were met for this project. Project was closed out on July 17, 2013. Due to the COVID-19 pandemic and its resulting impact on the economy, especially tourism, the King Edward Hotel has not been able to maintain its loan payments to Hinds County (which until this point were complete and timely). MDA is working with the County and the King Edward developer on possible solutions to this situation.

This project will provide loan monies to Hub City Lofts, LLC for the purchase and revitalization of two historic buildings located at 501 Main St (The Faulkner Building) and 201 East Front Street (The Ross Building) in downtown Hattiesburg, Forrest County, Mississippi.  
Completed and closed out 1Q17. Loan paid off 1Q20.

**Location Description:**

Downtown Hattiesburg, Forrest County, Mississippi

**Activity Progress Narrative:**

Project consisted of a loan to purchase two historic buildings located at 501 Main St. (the Carter/Faulkner Building) and 201 East Front St. (the America/Ross Building) for the purpose of renovating them into mixed-use properties. The City of Hattiesburg and Hub City Lofts, LLC closed on the loan agreement in February 2012, and the Company purchased the two buildings. Construction began on September 4, 2012 and was completed on both buildings in late 2013. Most of the residential units in both the America Building and the Carter Building are occupied, and most retail spaces have been rented. The project created thirty (30) jobs, with sixteen (16) of those low/mod jobs. The DRD Compliance team verified these numbers. Project satisfied its job creation requirements. Subgrant was closed out on March 10, 2017. The Company paid \$1,419,194.11 to the MDA in December 2019, which covered the full balance of principal and interest owed on the loan.

**Activity Description:**

This project, located in the City of Starkville in Oktibbeha County, will provide for the construction of a three-bay, four-level precast concrete parking structure to provide parking for the CottonMill marketplace development. The development will include a conference center, office space, hotel, and retail space.

**Location Description:**

City of Starkville in Oktibbeha County, MS

**Activity Progress Narrative:**

Katrina CDBG funds were used to construct a public parking structure to provide parking for the Cotton Mill Marketplace multi-use development in Starkville, Mississippi. Construction of the parking structure began in September 2014 and was completed in July 2015. The full KCDBG award has been expended. Total cumulative full-time and full-time equivalent (FTE) jobs created by businesses in the project area is 170.35, with 95 jobs filled by or made available to LMI persons. Because the project will generate program income after subgrant closeout by charging parking fees for special events, the City and MDA will execute a Memorandum of Agreement (MOA) to provide for reporting of program income to MDA after subgrant closeout. Any program income collected will continue to be applied toward operating and maintenance expenses for the garage. The City is expected to approve the MOA and submit it to MDA for execution in the next quarter. After the MOA has been executed, the subgrant closeout packages will be routed for final review and signature. Project is expected to be closed out in the next quarter.

**Activity Progress Narrative:**

This project funded the construction of a new School of Nursing and Simulation Center in the Tradition development in Harrison County, Mississippi. Construction began in March 2016 and was completed in November 2018. No KCDBG funds were drawn down during the reporting quarter. The project has expended \$12,065,000.00 in KCDBG funding, with \$10,000.00 remaining for closeout costs. The College has expended \$2,022,061.50 in private funds on furniture, equipment, and landscaping and has met its private investment commitment. No new jobs were created during the reporting quarter. Cumulative number of jobs created to date is twelve (12). The College is currently recruiting candidates for two (2) newly created positions. Cumulative number of low to moderate income (LMI) persons who were offered positions or who filled new positions remains at thirteen (13). The DRGR system will not allow the LMI number to exceed the total job number. The LMI cumulative total will be increased as additional job creation is reported. The three-year period for job creation completion ends on October 31, 2021. An additional extension of the subgrant agreement will be necessary to allow additional time for job creation, drawdown of remaining KCDBG funds, and subgrant closeout.

State Administration for the Katrina Community Development Block Grant Supplemental Funds.

The State entered into a sole source contract for consulting services with Armin Moeller, Balch & Bingham LLP, on January 27, 2008. The original contract amount of \$87,500 was amended to \$97,500 on April 25, 2008. This contract expired on May 31, 2008.

The State entered into a sole source contract for program management services with Horne LLP in the amount of \$18,715,706 with a term of April 1, 2013, to March 31, 2014, (with options to renew). Horne LLP was previously providing these services to MDA through a contract granted to it through an open and competitive process authorized by State and Federal law; however, that contract expired March 31, 2013. This sole source contract was secured through the legally required State procurement process. On April 1, 2014, MDA exercised its first option to renew the sole source contract for a new one year term ending March 31, 2015, for a total contract cost of \$29,634,606.

## Disasters:

### Declaration Number

FEMA-1604-MS

## Narratives

### Disaster Damage:

Hurricane Katrina made land fall in Mississippi on August 29, 2005 and turned out to be the worst natural disaster to ever hit the United States. Damage along Mississippi's Gulf Coast was widespread and damage estimates were over \$125 billion dollars. FEMA reported 65,380 homes were damaged or destroyed and estimated 44 million cubic yards of debris in south Mississippi. The Mississippi Development Authority (MDA) has developed plans and programs to address disaster relief, long-term recovery and restoration of infrastructure.

### Recovery Needs:

Recovery Needs: 1. Assistance with the rebuilding of public infrastructure such as water and sewer. 2. Assistance to owners of small rental properties in the counties most affected by Katrina to provide affordable rental housing.

**Overall Progress Narrative:**

SUMMARY FOR 4th QUARTER 2020 QPR:

2nd allocation

Mississippi continues to make progress in the Katrina disaster recovery efforts in the fourth quarter of 2020.

The Small Rental Assistance Program (SRAP) made forgivable loans available to small rental property owners. As of December 31, 2020, 3,509 units had completed construction and obtained certificates of occupancy. The properties are in various stages of completing periods of affordability.

Under the Long-Term Workforce Housing (LTWH) initiative, grants and loans were made to for-profits, non-profits and local units of government to increase the availability of affordable housing. These projects have constructed or rehabilitated single- and multi-family housing, transitional housing, and senior living developments for eligible households. A total of 4,317 Neighborhood Home Program (NHP) rehabilitation units, 237 LTWH rehab units and 221 new construction units have been completed.

This portion of the Public Housing Program allocated funds to coastal public housing authorities for the new construction of two projects consisting of 123 housing units to supplement PHA for properties damaged or destroyed by Hurricane Katrina. Development one opened successfully with 75 units, and development two, with a planned 48 units, did not proceed due to many significant roadblocks during the pre-development phase. Construction is complete, the program contract is closed out, and the one development of 75 units is continuing to provide low/moderate income households quality housing. All project funds have been disbursed, and all activities are complete.

The Low-Income Housing Tax Credit Assistance Fund, (TCAF), provides low-interest loans for the new

construction of affordable housing to developments that were awarded Low-Income Housing Tax Credits through the Mississippi Home Corporation (MHC). Construction is complete, the program contract is closed out and all seven developments with a total of 618 units are serving low/moderate income households.

This portion of the Infrastructure grant program is providing improved water and wastewater infrastructure systems to coast residents with low-moderate income. The funds are administered by the Mississippi Department of Environmental Quality (MDEQ) as well as the local entities awarded. All projects under this grant are closed. There is no construction remaining.

**Activity Description:**

The purpose of the Small Rental Assistance Program is to provide loans to owners of small rental properties with four (4) or fewer units. The purpose of this program is to provide project-based rental assistance in the repair or replacement of lost or damaged rental units. In return, owners of the rental properties and units will commit to renting the units to eligible applicants with incomes not to exceed 80% or 120% of the area median income (AMI) depending on the number of units per property. Owners are also restricted in the rents that can be charged to each tenant based on the tenant's income.

**Location Description:**

4 Mississippi Gulf Coast Counties (Hancock, Harrison, Jackson and Pearl River Counties.)

**Activity Progress Narrative:**

The Small Rental Assistance Program has completed closings and disbursements and continue to monitor the completed units for compliance with all applicable program requirements.
