Narratives

Disaster Damage:

Hurricane Katrina made land fall in Mississippi on August 29, 2005 and turned out to be the worst natural disaster to ever hit the United States. Damage along Mississippi's Gulf Coast was widespread and damage estimates were over \$125 billion dollars. FEMA reported 65,380 homes were damaged or destroyed and estimated 44 million cubic yards of debris in south Mississippi. The Mississippi Development Authority (MDA) has developed plans and programs to address disaster relief, long-term recovery and restoration of infrastructure.

Recovery Needs:

Recovery Needs: 1. Assistance to homeowners affected by the storm. 2. Assistance with fraud and abuse in connection with the rebuilding activities. 3. Assistance with code enforcement in the rebuilding process. 4. Assistance to Public Housing Authorities in providing affordable housing to low-income families. 5. Assistance with the rebuilding of public infrastructure such as water and sewer. 6. Ratepayer mitigation in order to protect residential and business customers from bearing the entire cost of the utility infrastructure restoration and rebuilding. 7. Wind Insurance Mitigation in order to maintain affordable insurance rates for the Mississippi Gulf Coast. 8. Programs to support economic development 9. Programs to increase the availability and affordability of small rental properties.

Overall Progress Narrative:

SUMMARY FOR 3rd QUARTER 2021 QPR:

1st allocation

Mississippi continues to make progress in the Katrina disaster recovery efforts in the third quarter of 2021.

Through the Homeowner's Assistance Program (HAP) \$2 billion have been disbursed to nearly 28,000 families. The Elevation Grant Program (EGP) has disbursed approximately \$37 million.

Under the Long-Term Workforce Housing (LTWH) initiative, grants and loans were made to for-profits, non-profits and local units of government to increase the availability of affordable housing. These projects have constructed and/or rehabilitated single- and multi-family housing, provided homebuyer assistance to eligible households, and provided loans to small developers. In addition, several projects provided public services and planning activities for LTWH and the Neighborhood Home Program (NHP). A total of 1,201 homeowners have been assisted through the homebuyer assistance (HBA) projects with expenditures totaling over \$78.4 million. In addition, 730 new construction units, 427 rehabilitation and 328 NHP rehab units have been completed.

The Public Housing Program allocated funds to coastal public housing authorities for the construction, repair and rehabilitation of low-income housing units damaged or destroyed by Hurricane Katrina. There are 18 projects in service providing 1,758 units, and all construction was completed. Total Public Housing units from Grant 1 and 2 are 1,833. All project funds have been disbursed as planned, and all activities are complete.

The Infrastructure grant program has completed the final stages of rebuilding the coast's water and wastewater infrastructure systems. The funds are administered by the Mississippi Department of Environmental Quality (MDEQ) as well as the local entities awarded. All projects under this grant are closed. No construction is remaining.

Economic development projects are under way to restore the area's quality of life. As of September 30, 2021, the Economic Development program has awarded a total of 62 sub-grants with approximately \$332 million under contract. Fifty-six (56) projects have completed Katrina CDBG-funded construction. A total of 6,271 jobs are projected to be created, and 6,102 jobs have been created to date. In addition, 81 jobs were created by one (1) terminated project, bringing the total number of jobs created to date to 6,183. A total of 721 jobs were projected to be retained and were verified as retained as of the subgrant closeout dates. Zero (0) project was closed out during the reporting period. Fifty-two (52) completed projects and six (6) terminated projects had been closed out as of the end of the reporting period. One (1) closeout package is currently under review.

The Tourism Industry Restoration program awarded 28 sub-grants totaling approximately \$5 million. The sub-grant close-out process is complete, and close-outs have been executed for all 28 projects.

Progress continues the construction of Community Revitalization projects for the quarter ending September 30, 2021. All projects are in the six lower counties of Hancock, Harrison, Jackson, George, Stone and Pearl River, with the largest concentration of projects in the three coastal counties most impacted by the storm. Approximately \$318 million has been disbursed with 96 projects completed.

The Go Zone Revitalization Grants program provides funding for eligible CDBG community development activities in the 49 Presidential declared disaster counties, excluding the lower six counties of George, Harrison, Hancock, Jackson, Pearl River and Stone. The Go Zone program disbursed approximately \$56 million. Of the 43 grants awarded, all are complete and closed.

The Port of Gulfport Restoration Project is proceeding and there have been no schedule adjustments. However, material shortages throughout the construction industry, COVID-19 and weather issues could affect the schedule in the future, which will be reflected on upcoming reports.

The remaining open contracts are CH2M Hill, who is working with the USACE on permitting issues related to the navigation channel, and Eley Guild Hardy Architects, who are CM to the Ocean Enterprise Facility (OEF). All future payments for the CH2M Hill contract will be made using PORT funds (non-CDBG funds). Wharton Smith is the contractor for OEF and construction is progressing a bit slower than planned. Supply shortages are being recognized as well as labor shortages and weather delays. These issues will have some impact to the schedule in the future. However, during this period, there have been no impacts recognized in the schedule. Installation of the exterior panels and windows of the building are being completed and we are expected to have the building dried in early in next quarter. Mechanical, electrical & plumbing are all progressing as planned. Exterior grading has begun.

Total job creation to date is 1,432. Total LMI job creation to date is 1,118 (78%).

The Hancock County Long-Term Recovery or "Ground Zero" Program is designed to provide special assistance to this county, which suffered the most dramatic damage from Hurricane Katrina. The program funds locally conceived and prioritized projects designed to rebuild public infrastructure and revitalize the county's economy, particularly recapturing the area's pre-Katrina identity as a destination for regional tourism. As of September 30, 2021, the Hancock County Long-Term Recovery program has disbursed approximately \$159 million. Of the total 46 projects, 41 projects are complete and closed out and 5 projects are complete and awaiting closeout.

Some activities in this QPR reflect drawdown amounts for the quarter that differ from the expense amounts for the quarter. These quarterly variances are due to timing between expenses as of the end of the quarter and drawdowns completed by the end of the quarter. Quarterly reconciliations support that the year-to-date expenses and revenue are correct, and that cumulative drawdowns do not exceed cumulative expenses.

Several activities have negative expenses for the quarter. These negative quarterly amounts are due to reimbursements for overpayments.

Please note that the overall benefit percentage requirement calculations in this QPR do not take into account waivers associated with this grant. Calculations including waivers indicate that this grant is projected at 60.44% to date and actual at 61.91% to date.

Activity Description:

The purpose of the Homeowner Grant Assistance Program is to provide a one-time grant payment, up to a maximum of \$150,000, to eligible homeowners who suffered flood damage to their primary residence as of August 29, 2005, from Hurricane Katrina. In exchange for the grant payment, a qualifying homeowner must agree to a covenant on their property that establishes flood insurance and building/rebuilding requirements for the applicant or any future owner of the property. After certain deductions, the homeowner has complete discretion of the use of grant funds, as allowable by State and Federal law, as they work through their personal disaster recovery situation.

Activity Description:

The purpose of Phase II of the Homeowner Assistance Grant Program is to provide a one-time grant payment, up to a maximum of \$100,000, to eligible homeowners who suffered flood damage to their primary residence as of August 29, 2005 from Hurricane Katrina. Applicants are not required to have maintained insurance on their damaged properties, and eligible applicants include both those whose homes were located inside and outside the floodplain. Eligible applicants must have a household income at or below 120% of the Area Median Income. Applicants must complete a financial counseling requirement to receive funding. After certain deductions, homeowners have complete discretion of the use of grant funds, as allowable by State and Federal law, as they work through their personal disaster recovery situations.

Activity Description:

Project consists of a \$3,000,000 loan program for small businesses in Hancock County, Mississippi that were affected by the consequences of Hurricane Katrina. The businesses may use funds for equipment purchases, building reconstruction, or working capital. Some, but not all loan agreements will be tied to job creation.

Location Description:

Hancock County

Activity Progress Narrative:

Project consists of a loan program to benefit small businesses that were located in Hancock County prior to Hurricane Katrina. The program executed loan agreements with forty-four (44) borrowers. As of December 2020, the HCCDF reported that thirty-seven (37) loan agreements had been successfully closed out as the borrowers met the terms and conditions of their loan agreements. Five (5) loans are in default and judgements have been filed. No further action was taken on the defaulted loans during the reporting quarter. No loans remain to be executed for the program. The program has expended \$2,960,536.01 of the \$2,967,099.81 KCDBG award amount. No new jobs were created during the reporting quarter. Cumulative number of jobs created to date remains at thirty-five (35) total jobs, with thirty-four (34) of those low/mod jobs. Cumulative number of jobs that have been retained remains at four (4), with three (3) of those LMI jobs. The MDA-DRD compliance team reviewed all loans that were reported as successfully closed to determine whether all terms and conditions were met, including job creation or retention, and provided a monitoring report to the

HCCDF. The HCCDF submitted its draft interim response to the MDA on December 1, 2020. MDA provided comments to the HCCDF and requested supplemental documentation on December 22, 2020. MDA reviewed that information and requested additional documentation. MDA has received some, but not all, of the requested documentation. The end of the five-year compliance period for the final two loans that were awarded is December 31, 2022. Compliance monitoring will continue through that date. An additional extension of the subgrant agreement will be necessary to allow sufficient time for final cash draw downs and subgrant closeout.

Activity Description:

This project will reconstruct an airplane hangar at the Stennis International Airport that was destroyed by Hurricane Katrina.

Location Description:

Activity Progress Narrative:

Katrina CDBG funds were used to reconstruct an airplane hangar at the Stennis International Airport that was destroyed by Hurricane Katrina. Project is complete except for job creation. No new jobs were created during the reporting quarter. Cumulative number of jobs created to date remains at seventeen (17), with fifteen (15) of those low/mod jobs. Project has met its LMI job creation goal but is nine (9) jobs short of its total job creation goal. Projected date for job creation completion is unknown at this time. The County submitted Budget Modification #10, final requests for cash, and subgrant closeout packages to MDA for review and approval in a previous quarter. MDA requested additional documentation from the County, including a plan for how the company proposes to meet its total job creation goal. A covenant running with the property was executed between the County and MDA requiring the company to continue to report job creation to MDA until the remaining nine (9) jobs have been created. A copy of the executed covenant was provided to MDA in January 2020. MDA is awaiting receipt of revised Budget Modification #10, which will include final, actual expenditures and an extended subgrant end date that will allow sufficient time for final cash draw downs and subgrant closeout. After that modification is approved, the final requests for cash will be processed, closeout packages

will be revised to reflect final, actual expenditures, and the subgrant will be closed.

Activity Description:

Infrastructure improvements to support the construction of a second jet engine test bed at the Stennis Space Center to benefit Rolls Royce North America, Inc. CDBG funded improvements include demolition and site clearance, drainage and flood protection, street and road improvements, water and sewer work, site electrical, an oil storage building, and high voltage power line relocation and improvements.

Location Description:

Hancock County, MS

Activity Progress Narrative:

This project provided funding for infrastructure improvements to support the construction of a second jet engine test bed at the Stennis Space Center. Construction was completed in October 2013. All KCDBG funds have been drawn down except for \$2,500 for subgrant closeout costs. To date, the company has created 38.07 total jobs, which have been verified by MDA. However, the company has only created sixteen (16) LMI jobs of eighteen (18) planned. No additional jobs were created during the reporting quarter due to the constraints of current economic conditions and COVID-19 restrictions. Projected date for LMI job creation completion is unknown at this time. The Company will continue to work with the grant administrator to document job creation and LMI status and report on job creation until the remaining two LMI jobs have been created. The subgrant agreement expired on October 31, 2017. An additional extension of the subgrant end date will be necessary to allow sufficient time to draw down remaining KCDBG funds and complete the subgrant closeout process.

Activity Description:

The project will provide for infrastructure improvements including access road, water, sewer, and drainage to serve the Gulfport Highlands mixed use development.

Location Description:

Lorraine road, Ollie Road, John Ross Road in the City of Gulfport in Harrison County, MS.

Activity Progress Narrative:

Katrina CDBG funded construction on the project began in January 2012 and completed in September 2015. The KCDBG portion of work is complete except for job creation. In February 2018, MDA sent the County a Notice of Potential Non-Compliance stating that the project had not met the HUD National Objective of assisting LMI persons. In April 2019, the County sent a letter to the Developer outlining possible corrective actions if the project fails to fulfill the subgrant terms. MDA requests periodic updates on planned developments on the property. The Claiborne at Gulfport Senior Assisted Living Facility, projected to create 35-45 full-time equivalent (FTE) positions, completed construction during the reporting quarter and accepted its first residents in August 2021. The facility created FTE jobs during the reporting quarter but did not provide a supporting payroll. The administrator has requested a copy of that payroll. The Claiborne provided copies of job applicant survey forms for its new hires to the County and MDA; those documents are under review. The numbers of FTE jobs and LMI new hires to date will be reported to HUD once the County and MDA have reviewed all documentation and confirmed the actual numbers. The Claiborne expects to create twenty (20) FTE jobs by September 2021 based on occupancy. The remaining 15-25 FTE jobs are expected to be created when full occupancy is reached. Cumulative number of new jobs reported to date remains at twenty-four (24),

with five (5) of those LMI jobs. The Developer is in discussions with the Mississippi Gulf Coast YMCA for the construction of a new 60,000 square foot facility that will employ up to seventy (70) FTE workers and serve a large percentage of LMI individuals. The YMCA project was recommended for funding to the Mississippi State Legislature by the BP Gulf Coast Restoration Fund (GCRF) Advisory Committee but did not receive GCRF funding. The County and Developer are exploring alternate sources of funding for the YMCA facility. A proposed family entertainment concept, Highland Lanes (60-80 FTE jobs) is on hold until funds are committed to the YMCA project, as that business would be partially supported by foot traffic from the YMCA. A national fast casual dining restaurant (potential new jobs to be determined) is working with the Developer to determine site placement and contract terms for the location. The Developer is in discussions with several small businesses including Edward Jones who are interested in retail space (18-30 new FTE jobs) and a wine/liquor store, Highland Wines, interested in 4000-5000 square feet of retail space (potential new jobs to be determined). Projected dates for building construction and job creation completion are unknown for those businesses. The County, Developer, and MDA held a project status meeting on September 21, 2021 to discuss next steps for the project, including the placement of covenants on all parcels that benefitted from KCDBG funded improvements. The covenants will require tenants to report on job creation to the Developer and County and will remain in place until KCDBG job creation goals are met. The subgrant agreement expired on June 30, 2017. An additional subgrant extension will be needed to allow additional time to fulfill job creation requirements, draw down remaining administration funds and complete subgrant closeout.

Hinds County Board of Supervisors	\$0.00	\$2,300,000.00
Most Impacted and Distressed Expended	\$0.00	\$0.00

Activity Description:

This project, located in the city of Jackson in Hinds County, will provide loan monies for purchase of equipment (to include furniture, fixtures and related equipment) and working capital to the King Edwards Revitalization Corporation (KERC) to aid in the renovation and revitalization of two buildings in downtown Jackson. Completed and closed out 3Q13.

Location Description:

City of Jackson, Hinds County, MS.

Activity Progress Narrative:

The project consisted of a Katrina CDBG loan for working capital to support the revitalization of the King Edward Hotel in Jackson, Mississippi. The King Edward Hotel Hilton Garden Inn was opened to the public on December 17, 2009. A cumulative total of 128 jobs was created, with 93 of those low/mod. Job creation requirements were met for this project. Subgrant was closed out on July 17, 2013. Due to the COVID-19 pandemic and the resulting impact on the economy, especially tourism, the developer of the King Edward Hotel has not been able to maintain its loan payments to Hinds County (which were complete and timely prior to the pandemic). The County, the developer and MDA drafted a revised loan agreement and a revised payment schedule that established a forbearance period from June 1, 2020 to December 31, 2021 for the payment of principal. MDA received a check in the amount of \$14,130.72 for the interest due and payable from June 1, 2020 to February 28, 2021. During the period of March 1-December 31, 2021 the Company will pay the regularly scheduled monthly interest payments of \$1,570.08. After the forbearance period, the Company will make payments of interest and principal consistent with the revised loan payment schedule. Payment of interest continued during

the reporting period.

Jackson County Board of Supervisors	\$0.00	\$39,800,000.00
Most Impacted and Distressed Expended	\$0.00	\$0.00

Activity Description:

This project will provide for the reconstruction of Mississippi Highway 611 from the beginning of the route to Short Cut Road just north of U.S. Highway 90. Highway 611 serves the Bayou Casotte Industrial Park and is functionally classified as a major arterial as well as serving as an emergency evacuation northern route. Grant funds will be awarded in two phases. Completed and closed 4Q17

Location Description:

Pascagoula, Jackson County, MS.

Activity Description:

Seaway Road is currently a two-lane road way classified as an urban collector serving the Bernard Bayou Industrial Park in Gulfport, Mississippi. This project will provide for the expansion of Seaway Road from two to four lanes through the addition of two lanes south of the existing lanes with a grassed median and left turn bays. The expanded roadway will increase traffic flow and efficiency and benefit businesses located in or near the park, including United States Marine and The Dock Bar and Grill, LLC.

Completed and closed out 2Q14.

Location Description:

Gulfport, MS.

City of Starkville	\$0.00	\$8,000,000.00
Most Impacted and Distressed Expended	\$0.00	\$0.00

Activity Description:

This project, located in the City of Starkville in Oktibbeha County, will provide for the construction of a three-bay, four-level precast concrete parking structure to provide parking for the CottonMill marketplace development. The development will include a conference center, office space, hotel, and retail space.

Location Description:

City of Starkville in Oktibbeha County, MS

Activity Progress Narrative:

Katrina CDBG funds were used to construct a public parking structure to provide parking for the Cotton Mill Marketplace multi-use development in Starkville, Mississippi. Construction of the parking structure began in September 2014 and was completed in July 2015. The full KCDBG award has been expended. Total cumulative full-time and full-time equivalent (FTE) jobs created by businesses in the project area is 170.35, with 95 jobs filled by or made available to LMI persons. Because the project will generate program income after subgrant closeout by charging parking fees for special events, the City and MDA will execute a Memorandum of Agreement (MOA) to provide for reporting of program income to MDA after subgrant closeout. Any program income collected will continue to be applied toward operating and maintenance expenses for the garage. The City is expected to approve the MOA and submit it to MDA for execution in the next quarter. After the MOA has been executed, the subgrant closeout packages will be routed for final review and signature. Project is expected to be closed out in the next quarter.

Most Impacted and Distressed Expended	\$0.00	\$0.00

Activity Description:

Costs related to the construction of the Mississippi Gulf Coast Community College Nursing School and Simulation Center to be located off Highway 67 near Tradition in Harrison County, Mississippi.

Location Description:

Harrison County, Mississippi

Activity Progress Narrative:

The project funded the construction of a new School of Nursing and Simulation Center in the Tradition development in Harrison County, Mississippi. Construction began in March 2016 and was completed in November 2018. The project has expended \$12,065,000.00 in KCDBG funding, with \$10,000.00 remaining for closeout costs. The College has expended \$2,022,061.50 in private funds on furniture, equipment, and landscaping and has met its private investment commitment. No KCDBG funds were drawn down during the reporting quarter. No new job creation was reported during the quarter. Cumulative number of jobs created to date is thirteen (13). The cumulative number of low to moderate income (LMI) persons who were offered positions or who filled new positions remains at thirteen (13). The College is reviewing its payroll data to verify that all full-time and full-time equivalent (FTE) jobs have been reported. Payroll information will be provided to MDA in the next quarter. The three-year period for job creation completion ends on October 31, 2021, and the July-September 2021 quarterly report indicates that the remaining jobs will be created by that date. MGCCC submitted a letter to MDA on May 18, 2020 requesting a waiver of the remaining job creation requirement due to the COVID-19 pandemic and resulting flexibility in teaching methods. MDA is awaiting receipt of the additional job creation documentation to respond to the College's request. An additional extension of the

subgrant agreement will be necessary to allow additional time for job creation, drawdown of remaining KCDBG funds, and subgrant closeout.

Activity Description:

To provide funding to the Mississippi State Port Authority to facilitate the restoration of public infrastructure and publicly owned facilities that were destroyed by Hurricane Katrina, to provide mitigation against future damage and to provide for the long term recovery of the operating capacity of the Port. This activity includes administrative costs associated with the Port of Gulfport programs.

Location Description:

Gulfport, Mississippi

Activity Progress Narrative:

These costs are related to administrative activities for the Port of Gulfport Restoration Program. They include review and processing of requests for cash, David-Bacon wage determinations and executive reporting. These costs will continue throughout the duration of the program.

Activity Description:

This project will provide CDSG funding for maritime activities to the MSPA to facilitate the restoration and hardening of public infrastructure and publicly owned facilities that were damaged or destroyed by Hurricane Katrina, to provide mitigation against future damage, to prevent future reoccurrence of damage and destruction in Hurricane events, and to provide for the long term recovery of the operating capacity of the Port. Activities set forth in currently approved Mississippi State Port Authority Master Plan as amended. The Subrecipient Agreement dated December 23, 2008, was amended to reflect that the obligated fund are reduced by \$966,963.00 in contracts that were previously issued. The new obligated amount under this contract is \$563,055,037.00.

See Also activity 0030 POG R1150601 & 0030 POG 2nd Phase Construction Planned

Location Description:

Gulfport, MS.

Activity Progress Narrative:

There have been no schedule adjustments currently for the project to date. Material shortages throughout the construction industry are of concern as well as COVID and weather issues have not yet been realized in the schedule, but we would expect to see these adjustments made in upcoming reports.

Remaining Contracts open are: CH2M Hill, they are working with the USACE on permitting issues related to the navigation channel and Eley Guild Hardy Architects who are the CM to the Ocean Enterprise Facility. The CH2M Hill contract is currently, and in the future, being paid using non CDBG port funds. Wharton Smith is the contractor for the OEF and construction is progressing a bit slower than planned. Supply shortages are being

recognized as well as labor shortages and weather delays. These issues will have some impact to the schedule in the future. However, during this period, there have been no impacts recognized in the schedule. Installation of the exterior panels and windows of the building are being completed and we are expected to have the building dried in early in next quarter. Mechanical, electrical & plumbing are all progressing as planned. Exterior grading has begun. Total job creation to date is 1,432. Total LMI job creation to date is 1,118 (78%).

Activity Description:

State Administration for the Katrina Community Development Block Grant Supplemental Funds.

The State entered into a sole source contract for consulting services with Armin Moeller, Balch & Bingham LLP, on January 27, 2008. The original contract amount of \$87,500 was amended to \$97,500 on April 25, 2008. This contract expired on May 31, 2008.

The State entered into a sole source contract for program management services with Horne LLP in the amount of \$18,715,706 with a term of April 1, 2013, to March 31, 2014, (with options to renew). Horne LLP was previously providing these services to MDA through a contract granted to it through an open and competitive process authorized by State and Federal law; however, that contract expired March 31, 2013. This sole source contract was secured through the legally required State procurement process. On April 1, 2014, MDA exercised its first option to renew the sole source contract for a new one year term ending March 31, 2015, for a total contract cost of \$29,634,606.

FEMA-1604-MS

Narratives

Disaster Damage:

Hurricane Katrina made land fall in Mississippi on August 29, 2005 and turned out to be the worst natural disaster to ever hit the United States. Damage along Mississippi's Gulf Coast was widespread and damage estimates were over \$125 billion dollars. FEMA reported 65,380 homes were damaged or destroyed and estimated 44 million cubic yards of debris in south Mississippi. The Mississippi Development Authority (MDA) has developed plans and programs to address disaster relief, long-term recovery and restoration of infrastructure.

Recovery Needs:

Recovery Needs: 1. Assistance with the rebuilding of public infrastructure such as water and sewer. 2. Assistance to owners of small rental properties in the counties most affected by Katrina to provide affordable rental housing.

Overall Progress Narrative:

SUMMARY FOR 3rd QUARTER 2021 QPR:

2nd allocation
Mississippi continues to make progress in the Katrina disaster recovery efforts in the third quarter of 2021.

The Small Rental Assistance Program (SRAP) made forgivable loans available to small rental property owners. As of September 30, 2021, 3,509 units had completed construction and obtained certificates of occupancy. The properties are in various stages of completing periods of affordability.

Under the Long-Term Workforce Housing (LTWH) initiative, grants and loans were made to for-profits, non-profits and local units of government to increase the availability of affordable housing. These projects have constructed or rehabilitated single- and multi-family housing, transitional housing, and senior living developments for eligible households. A total of 4,317 Neighborhood Home Program (NHP) rehabilitation units, 237 LTWH rehab units and 221 new construction units have been completed.

This portion of the Public Housing Program allocated funds to coastal public housing authorities for the new construction of two projects consisting of 123 housing units to supplement PHA for properties damaged or destroyed by Hurricane Katrina. Development one opened successfully with 75 units, and development two, with a planned 48 units, did not proceed due to many significant roadblocks during the pre-development phase. Construction is complete, the program contract is closed out, and the one development of 75 units is continuing to provide low/moderate income households quality housing. All project funds have been disbursed, and all activities are complete.

The Low-Income Housing Tax Credit Assistance Fund, (TCAF), provides low-interest loans for the new construction of affordable housing to developments that were awarded Low-Income Housing Tax Credits through the Mississippi Home Corporation (MHC). Construction is complete, the program contract is closed out and all seven developments with a total of 618 units are serving low/moderate income households.

This portion of the Infrastructure grant program is providing improved water and wastewater infrastructure systems to coast residents with low-moderate income. The funds are administered by the Mississippi Department of Environmental Quality (MDEQ) as well as the local entities awarded. All projects under this grant are closed. There is no construction remaining.

Activity Description:

The purpose of the Small Rental Assistance Program is to provide loans to owners of small rental properties with four (4) or fewer units. The purpose of this program is to provide project-based rental assistance in the repair or replacement of lost or damaged rental units. In return, owners of the rental properties and units will commit to renting the units to eligible applicants with incomes not to exceed 80% or 120% of the area median income (AMI) depending on the number of units per property. Owners are also restricted in the rents that can be charged to each tenant based on the tenant's income.

Location Description:

4 Mississippi Gulf Coast Counties (Hancock, Harrison, Jackson and Pearl River Counties.)

Activity Progress Narrative:

The Small Rental Assistance Program has completed closings and disbursements and continue to monitor the completed units for compliance with applicable program requirements.

Narratives

Disaster Damage:

In 2008, the State of Mississippi had three disaster declarations issued by the President of the United States. The first declaration was issued for the storm damaged and flooded areas of in the counties of Bolivar, Warren, Washington, and Wilkinson. The second declaration covers Hinds County and relates to severe tornado damage incurred in late May 2008. The third declaration relates to damage incurred by the counties of Adams, Hancock, Harrison, Washington and Wilkinson during Hurricane Gustav. The Mississippi Development Authority has developed plans and programs to address disaster relief, long term recovery and restoration of infrastructure.

Recovery Needs:

Recovery Needs: 1. Assistance to homeowners affected by the storms and floods 2. Assistance with rebuilding of public infrastructure 3. Economic assistance to businesses affected by the storms and flooding. 4. Debris removal and demolition not covered by any other source.

Activity Description:

Activities are being undertaken that will both repair and strengthen storm drainage in SE area of city (Lincoln Ave) to allow the ditches to drain into canals. Construction of storm water pumping station and flood gates to provide relief from flooding of houses and storm water backup so that there is less likelihood of future damages resulting from storms. This activity is eligible under DREF Category C Individual Mitigation Measure. 100% of DREF funds will be used to mitigate risk for the residential area in the subdivision commonly known as the "Eastside/Parkview Subdivisions" in the City of Cleveland, MS. Completed and closed out 4Q14.

Activity Description:

Stormwater management improvements in the North Midtown neighborhood of Jackson, MS, to mitigate flooding problems that add to building deterioration, poor site conditions and lowered property values. Project includes infrastructure improvements, building demolition, and earthwork. Completed and closed 1Q20.

Location Description:

The project area is defined as Tract 16 & 114 (2010). Hinds County, MS, which includes the Midtown neighborhood of Jackson. Direct beneficiaries are located in Tract 16, the north portion of the Midtown neighborhood.
